Taiwan-U.S. Supply Chain: **Complementary and Mutually Beneficial**

Taiwan's

remarkable economic performance is closely linked to U.S. economic development.

The United States

holds an absolute world-leading position in AI technology innovation, number of patents, computing resources, and attracting top-tier talent.

Taiwan Enterprises Expanding Investments

In response to the needs of U.S. brand clients, Taiwan is expanding its strategic investment footprint in the U.S. while simultaneously driving growth in exports to America.

AI Wave Driving Demand

The global AI wave is driving sharp increases in demand for semiconductors and AI servers, with the U.S. representing the highest demand.

Secure Technology Supply Chain

Taiwan-U.S. cooperation builds a safe and reliable technology supply chain, supporting the U.S. in maintaining its AI leadership.

Taiwan's Relations with the US Enter a "Golden Era"

In 2025, Taiwan rose to become the **4th largest trading partner of the U.S.**, trailing only Mexico, Canada, and China.
